Escrow Account Statement

Why am I receiving this statement?

Midland Mortgage, a division of MidFirst Bank ("Midland") recently reviewed your escrow account. Part of your monthly mortgage loan payment ("mortgage payment") goes into your escrow account to pay recurring expenses on your behalf such as property taxes, insurance, and other items required by your loan documents. This statement shows how those expenses affect the amount of your monthly mortgage payment.

Why did my payment change?

The most common reason escrow payments change is an increase or decrease in the amounts you pay in property taxes and homeowner's insurance. **If you have questions about a change in your tax or insurance bills, please contact your local taxing authority or insurance agent.**

What do I need to do next?

Please review your escrow statement below. The "*Escrow Surplus*" section gives the amount of your escrow surplus and explains the status of your surplus funds. The last page of this statement includes helpful answers to common escrow questions.

Important Notices

If you have received a bankruptcy discharge of the debt secured by the Mortgage/Deed of Trust, or you are currently in bankruptcy under the protection of the automatic stay, this letter is not an attempt to collect the debt from you personally and is for informational purposes only. If your loan was in default at the time MidFirst Bank obtained it, and you have not filed bankruptcy or received a discharge of the debt secured by the Mortgage/Deed of Trust, we are required to advise you that this communication is from a debt collector, this is an attempt to collect a debt, and any information obtained will be used for that purpose.

Notice to Connecticut and North Carolina Residents: The purpose of this communication is to collect a debt.

Notice to Vermont Residents: This is an attempt to collect a debt and any information obtained will be used for that purpose.

New Monthly Mortgage Payment

The amount needed in your escrow account to pay your expenses, such as property taxes or homeowner's insurance, has changed. **Because of this, your mortgage payment has changed to \$618.02 beginning with the 12/1/2021 mortgage payment.**

Monthly Payment	Old Payment	New Payment	Change
Principal & Interest	\$461.92	\$461.92	None
Escrow Deposit plus Escrow Shortage or Surplus	\$156.83	\$156.10	Decrease
Total Monthly Mortgage Payment	\$618.75	\$618.02	Decrease

Escrow Bills and Escrow Payment

The following chart shows the breakdown of the amounts we anticipated to be paid from your escrow account since the last review and the new amounts we expect to pay from your escrow account between December 2021 and November 2022.

Escrow Bills	Old Amount	New Amount	Change
Homeowners Ins	\$966.00	\$966.00	None
MI Premiums	\$162.12	\$145.80	Decrease
City/Town Tax	\$753.87	\$761.49	Increase
Annual Total	\$1,881.99	\$1,873.29	Decrease

Required Minimum Balance

The required minimum balance is between 0 and 2 new monthly escrow payments and is determined by the terms of your loan documents, federal and/or state law. The new required minimum balance in your escrow account is \$287.90

Your lowest expected escrow balance:	\$847.44
Your required minimum balance	\$287.90
The difference creates a surplus in your escrow account of:	\$559.54

Because the lowest expected balance is higher than the required minimum balance, there is a surplus of \$559.54 in your account. **This surplus is illustrated in the table below, and can be found by calculating the difference in the bolded numbers in the Anticipated Balance and Required Balance columns.**

Expected Escrow Account Transactions

The following chart shows the amounts we expect to deposit into and pay out of your escrow account during the next escrow cycle, as well as the required balance for each month. These projections are based on the most recent bills paid from your escrow account. **The actual amounts billed by your insurance company and by your taxing authority in the upcoming year may be different and could result in changes to your monthly mortgage payment when your escrow account is reviewed in the future. If you become aware of a change to your insurance or taxes, you may wish to contact Midland to have your escrow account reviewed to avoid a large shortage or surplus in the future.**

MONTH-YEAR	EXPECTED PAYMENTS TO ESCROW	EXPECTED PAYMENTS FROM ESCROW	DESCRIPTION	ANTICIPATED BALANCE	REQUIRED BALANCE
			<i>Starting Balance</i>	\$1,177.08	\$617.54

Total	\$1,873.20	-\$1,873.29			

Escrow Account History

This chart shows the estimated and actual activity in your escrow account from 12/1/20 through 9/1/2021. If the servicing of your loan recently transferred to Midland or your loan has analyzed within the last 12 months the table below may be blank or show a history of less than 12 months. If the last escrow account statement provided by Midland was issued to you more than 12 months ago, additional months of transaction history for transactions more than 12 months in the past is included on page 5 of this statement. The previously required minimum balance and the actual minimum balance reached are indicated by bold font in the chart below.

	PAYMENTS TO ESCROW		PAYMENTS FROM ESCROW				ESCROW BALANCE

* The single asterisk indicates a difference in the amount or date of the estimated and actual payouts from escrow.

Escrow Surplus

There is a surplus in your escrow account in the amount of \$559.54. See below for details about how we determined what to do with the surplus in your escrow account and how it may have affected your monthly mortgage payment.

What happens to an escrow surplus?

If the surplus is \$50 or more and your loan was current

Loans that are current as of the date of the escrow analysis with an escrow surplus of \$50 or more are issued a check for the amount of the escrow surplus. If a check for your escrow surplus is attached to the bottom of this page, please cash it as soon as possible. If the check is not cashed within 90 days, the check will expire and the surplus will be returned to the escrow account.

If the surplus is less than \$50 and your loan was current

If the loan was current as of the date of the escrow analysis and has an escrow surplus of less than \$50, the amount of the escrow surplus has been credited to your monthly escrow payment over the next 12 months, lowering the monthly mortgage payment amount. See the “New Monthly Mortgage Payment” section on page 1 for details about the monthly surplus credit.

If your loan payments are past due by 30 days or more

If the loan payment was not due for the current month as of the date of the escrow analysis, the surplus was retained in your escrow account.

Your monthly mortgage payment will be \$618.02 beginning on 12/1/2021.
This is the lowest your monthly payment amount can be at this time.

What if I have enrolled in an Automatic Payment Plan?

- If you use Midland’s Automatic Payment Plan, we will automatically adjust your payment withdrawal amount.
- If you use an automatic payment program other than Midland’s, please contact your payment administrator and ask them to update your payment to the new amount.

Worried About Payments?

If you are struggling to pay your monthly payment, please call us at 1-800-552-3000 Monday through Friday from 8 a.m. until 9 p.m. (Central Time) to discuss your account and the options that may be available to help you.

You can also visit us online at www.MyMidlandMortgage.com/applynow to get an application for assistance.

Please review the reverse side of this statement for helpful answers to common escrow questions.

If this statement indicates that there is a surplus that exceeds \$50 in your account and your loan was current, the amount of the escrow surplus will be sent in a separate mailing with a check enclosed. If your loan is not current or the surplus was less than or equal to \$50, the escrow surplus has been held in escrow.

Frequently Asked Escrow Account Questions

Q1 What is an escrow account?

Part of your monthly mortgage payment includes an amount for your loan's principal and/or interest, but it also includes an amount for property-related expenses (such as property taxes, insurance, and other items required by your loan documents). These amounts are deposited into an escrow account associated with your mortgage loan. With an escrow account, you pay a portion of your property taxes, insurance, and other items required by your loan documents every month instead of once or twice a year.

Q2 Why did Midland change my monthly mortgage payment amount?

Midland does not change your principal and interest monthly payments unless you have an adjustable interest rate mortgage loan or an interest-only period on your loan. Increases or decreases to the escrow portion of your monthly mortgage payment are usually because of changes in your taxes or insurance.

Property Taxes: Your property taxes may change when your property is reassessed, when the applicable tax rate changes, or when a special tax or assessment is charged by your local taxing authority. Contact your local taxing authority if you have questions about changes to your property taxes.

Homeowner's and Flood Insurance: Your premium for insurance covering your property can change when your coverage changes or if the rate that your insurance company charges for your coverage changes. Contact your insurance carrier or agent with questions about your insurance coverage and the cost of your coverage. You may also contact our Insurance Service Center at 1-866-439-2712 to discuss any changes in your insurance bills and your options.

Q3 How often will my escrow payment change?

Your monthly escrow payment, and thus your monthly mortgage payment, may change at least once a year when we review your escrow account as required by federal and state law. Your escrow payment might be recalculated more than once a year if there are substantial changes in your escrow bills (for example, you obtain homeowner's insurance at a reduced rate or you receive an exemption from paying the full amount of your property taxes).

Q4 Will my automatic payments change to cover my new payment amount?

If you use Midland's Automatic Payment Plan, we'll automatically adjust the withdrawal amount to the new payment amount upon its effective date. If you use an automatic payment program other than Midland's, please contact your payment administrator and ask them to update your payment to the new amount.

Q5 What should I do if I think my escrow bills are wrong?

You should verify billing amounts with your insurance carrier or taxing authority if you believe your escrow account has been charged incorrectly. If the amounts have changed, provide Midland with proof of the change from the taxing authority or insurance carrier so that we can adjust your escrow payment accordingly.

Q6 What are my options if my payment increased and I can't afford a higher mortgage payment?

If a payment increase causes a financial hardship and you cannot afford the larger monthly mortgage payment, call us at 1-800-552-3000 to discuss mortgage assistance options that may be available to you.

Visit www.MyMidlandMortgage.com/Escrow for additional helpful answers to frequently asked escrow questions or contact us at 1-800-654-4566.
